CUSTOMERS

Who we serve

Manufacturers and suppliers, warehouses and distribution operations, healthcare and laboratory organizations, service-parts and field-operations teams, freight brokers, 3PLs, freight forwarders and logistics organizations that need dependable cargo-van transportation capacity in Dallas-Fort Worth.

CAPABILITIES

Transportation services

Expedited Freight

Direct pickup and delivery for time-sensitive business shipments with proactive status communication.

Medical Courier

Professional transportation for qualifying medical supplies, equipment, specimens and healthcare deliveries, scheduled or STAT.

Same-Day / Time-Critical

Rapid response for production downtime, missed shipments, service parts and critical business documents.

Dedicated Routes

Recurring daily, weekly, scheduled or contracted capacity — warehouse transfers, supplier-to-facility movement, regional lanes.

Local & Regional

Flexible cargo-van transportation across DFW, North Texas and regional markets without full-truckload overhead.

Final-Mile / B2B Delivery

Business-to-business dock, office, warehouse and facility delivery with appropriate delivery documentation.

EQUIPMENT & CAPACITY

CURRENT EQUIPMENT · 1 UNIT IN SERVICE

2026 Ram ProMaster 3500 Cargo Van

Super High Roof · 159" wheelbase, extended load floor

Cargo floor length	161.5 in / 13.5 ft
Interior cargo height	86.4 in / 7.2 ft
Width between wheel wells	56.0 in / 4.7 ft
Maximum interior width	75.6 in / 6.3 ft
Rear door opening	61.7 in W × 79.6 in H
Side door opening	47.1 in W × 69.0 in H
Cargo volume	524 cu ft
Occupants + cargo limit	3,923 lb (vehicle-rated)

3,923 lb is the factory-rated combined limit for occupants and cargo — not freight-only payload. Freight capacity confirmed per shipment based on occupants, onboard equipment and cargo weight.

Coverage & operating model

- Dallas-Fort Worth Metroplex-wide coverage
- North Texas / regional lanes
- Interstate expedited where appropriate
- Scheduled, recurring and on-demand requests
- Single point of ownership, pickup to delivery

Handling & freight acceptance

- Enclosed, weather-protected cargo area
- Load bars and straps for freight securement
- Qualifying palletized and hand-loaded freight, subject to dimensions, weight and loading configuration
- Acceptance confirmed on dimensions, weight, commodity, timing and handling requirements

Planned expansion: additional cargo vans, sprinter-style vans, box trucks and additional drivers as demand supports it. Not currently in service.

OPERATING STANDARDS

How we work

Dependability

Commitments are made carefully and then kept.

Responsiveness

Requests are answered quickly, by a real person.

Accountability

One point of ownership from pickup through delivery.

Communication

Proactive status updates before you have to ask.

Security

Freight is secured and handled professionally.

Time-Sensitivity

Built around shipments where timing matters.

PARTNERSHIPS

Working with brokers, 3PLs & freight forwarders

Communication you don't chase

Check calls, arrival confirmations and delivery notices without unnecessary follow-up.

Clean paperwork

Signed BOL and proof of delivery returned promptly for your billing process.

Cargo-van capacity

Super-high-roof capacity for qualifying expedited, partial and time-critical DFW and regional freight.

Reliable acceptance

We only accept transportation we can cover — no takebacks after you've committed.

ONBOARDING

Send your carrier packet or portal invitation and we return applicable standard carrier documentation: signed carrier agreement, W-9, certificate of insurance, and motor carrier authority with USDOT and MC information.
